VISION

“Our vision is to strive for excellence to create a state - of - the-art education facility dedicated to transforming the nation into a world leader in the field of engineering, technology and management.”

MISSION

“Our mission is to provide advanced knowledge and education to develop students into creative and thinking leaders, technocrats, entrepreneurs and managers with analytical minds who excel in solving the most complex problems and complicated situations.”

VALUES

We lay high emphasis on :

- Excellence in education.
- Corporate social responsibility.
- Building integrity and independence.
- Clean and pollution free environment.
- Conservation of natural resources and elimination of green house gases to reduce global warming.

ABOUT

SRCEM

Shri Ram College of Engineering & Management, commonly known as SRCEM, was established in July, 2008 to promote excellence in the field of engineering and management. The institution is ISO 9001-2008 Certified and managed by "Shree Gokulendra Educational Trust (Regd.)".

The college is sincerely committed in imparting advanced education in the field of engineering & management. We at SRCEM, are investors in excellence and believe that perfection is above all. We aim at creating a world-class educational environment that enable students to fully develop their professional ability and also foster a strong sense of responsibility and ethics.

The college has been established with a firm belief that the right blend of conceptual knowledge and right positive attitude is essential for the overall development and to reach at the apex of success in the corporate world.

The college located at Palwal on NH-2, Main Delhi – Mathura Road about 50 kms from Badarpur/Delhi and 40 kms from Faridabad, is easily accessible by road, rail and air. The college is approved by AICTE Ministry of HRD Govt. of India, Directorate of Technical Education Haryana and Affiliated to MD University, Rohtak.

A hearty welcome to one and all to Shri Ram College of Engineering & Management.

The first decade of the 21st century is a time of unprecedented change for India. While Indian Industry confronts the challenges and opportunities of globalization and liberalization, the nation is faced with the imperative of rapid and sustained economic growth. These features of the economic and social context resonate strongly with the mission of the Shri Ram College of Engineering & Management, which is to create a cadre of professionals who are able to manage business activities in a dynamically changing environment where technology and adaptability are the key determinants of success. Adaptability because it is not hard to learn more. What's hard is to unlearn when you discover yourself wrong.

With this vision in mind, more than creating an environment where pupils can learn, we want to nurture an environment where pupils can learn to imagine because learning is what has been done. Imagination is what can be done. Learning leads to understanding. Imagination leads to innovation. Imagination is the key to the future, as it has been since the times of Archimedes and Newton to present day Technology Giants like Google and Apple. So we don't want the students to graduate as mere engineers, we want to Inspire them to graduate as dreamers because dreamers are the actual human resource or as we like to call it human resource 2.0.

SRCEM strives to create those human resources, which through their business acumen and human sensitivity shall add value to the ongoing attempts at pushing technology and creating business value.

As envisaged by Tagore, providing an enabling culture to the participants to learn and grow fearlessly and aim for perfection, the institute wishes to inculcate values of personal excellence and concern for others thus imbibing egalitarian values which would then help the large society to build and manage ecologically responsible organizations.

It is my sincere hope that students of SRCEM shall bring pride to the Institute and the Country.

Chairman's Message

We believe, the illiterate of the 21st century will not be the one who can not read and write, but the one who can not learn and relearn.

Narender Gupta
Chairman

Vice-chairman's Message

In essence, we at SRCEM mould young minds into resourceful and perceptive professional, ready to embark upon challenging careers.

I firmly believe that to meet the challenges of a global economy and the fast changing technologies, high quality education holds the key to achieve the corporate goals as well as inclusive social progress objective. With the onset of globalisation, a new business environment has evolved. The engineers and managers of tomorrow need to acquire the skills to face the challenges posed by the business and economic environment. As a result the organisations are looking for engineering and management graduates, who with fresh insights and innovative ideas can develop strategies for sustainable growth and meet the challenges of growing market threats and technological complexities. Shri Ram College of Engineering & Management (SRCEM) has been established with the twin objectives of preparing the younger generation to occupy responsible positions in organisations by widening their horizon of knowledge and equipping them with all the necessary skills to become managers of tomorrow with full awareness of corporate social responsibility. SRCEM is strongly committed towards academic excellence and professional growth. We endeavour to constantly provide an ethical dimension to professional education. This value orientation is of prime importance in a national economy fast integrating itself with the global economic system.

Our programmes provide a platform for enhancement of analytical skills of the students making them capable of evolving meaningful solutions to engineering and management problems.

The faculty has been carefully handpicked to groom the students as prospective leaders and ensure a combination of experience, expertise and professionalism with opportunity to achieve their potential to the fullest. All the programmes are carefully designed so that the students gain sound knowledge of theory and hands on experience making them both competent and confident to meet the challenges in their respective fields.

I am confident that you would find stay in SRCEM campus to be a challenging and rewarding experience.

M.C. Mittal
Vice-Chairman

All great ideas begin with a commitment to the future. It is with this strong commitment to the quest for excellence in the field of engineering and management education, Shri Ram College of Engineering and Management has been established. It has successfully completed four years and is currently running in its fifth academic year:

The fast-changing world of tomorrow will be a competitive, exciting and a challenging place to live in where only people who adapt themselves to the situation, keep pace with upcoming technologies and have the ability to align their ideas, thoughts and ways of working in changing situations, will survive.

We at SRCEM, recognize the changed role of professionals in today's environment. We understand that business organizations are not merely looking for technically trained individuals, but also multidimensional professionals. Therefore, we prepare the students for the challenges of the 21st century and provide an environment which will encourage them to become life-long learners and to work in a multi-cultural, ever-changing society. The prime objective of the college is not only to impart relevant knowledge and skills, but also to make our students experienced in critical thought, appreciative of creative expression, proficient in effective communication, aware of ethical standards and rooted in universal and humanistic values. We want our students to develop into the leaders of tomorrow, infuse the world with the energy of their ideas and innovations and advance the frontiers of knowledge and research in the ways that translate into tangible benefits for the community and country.

SRCEM has been continuously working to reflect its efforts to provide modern education through the latest techniques and methodologies. The transparent and professional approach is used by our Institute, and the modern infrastructural facilities available including an updated well-stocked library, fully equipped mechanical labs, wi-fi enabled computer labs and professionally competent faculty ensure all round development of our students. Each of the students is given personal attention and their performance is monitored on regular basis by professionals, expert faculty and other teaching staff. It will foresee that with each passing year, students are well-prepared and geared up as per the current and future requirements of the industry enabling them to face the challenges with full confidence and determination and smell victory.

Therefore, I am sure that the faith and trust bestowed upon us by the parents and students will continue to cement stronger with each passing year.

Wishing every student at SRCEM a bright and promising future ahead.

From the Desk of General Secretary

“ Good education is a crucial part of human development which calls for a thoughtful approach to understand and appreciate better the cross cultural and global networking of knowledge. ”

CA Santosh Gupta
General Secretary

Brochure*

From the Desk of Director Principal

‘ A technical and management education oasis located in lush green and sprawling campus providing unparalleled opportunities for the students ’

In this age of globalization where transformations are inevitable. We can witness the mushroom growth of run-of-the-mill engineering & management institutes. In this arena, we at SRCCEM aim to produce highly effective engineers and managers with indomitable urge to fight and win against the toughest competition and energy to keep themselves developing in the life so that they can be the change agents, technology leaders, policy makers and capable of giving direction to the society and nation.

A technical and management education oasis located in lush green and sprawling campus providing unparalleled opportunities for the students is what sets us apart from the rest of the institutions. From the first rate library with book bank facility to innovative computer labs with internet connectivity, from well equipped engineering labs to comfortable hostel coupled with round the clock security and electronics services, the students have the access to diverse resources to explore their academic interest.

The institution is not restricted by the boundaries of the syllabus as we also bring latest educational and technological inputs through industrial visits, international as well as national conferences, seminars, technical & sports fest and especially through projects and summer training.

Even on the professional front, the students are well supported by Training and Placement as well as Entrepreneurship cell which offers a continuous and multi dimensional guidance to the students keeping the global scenario in mind. Apart from this we also work with an objective to transform the students in terms of their overall personality through well designed, flexible and need based personality development programmes. We also have the student oriented remedial classes aiming to make the students aware of the basic paradigms of different subjects. In this way we continuously endeavour to launch our students on the ladders of a progressive career to reach the zenith of success.

The faculty of SRCCEM is second to none that has a prestigious credential coupled with proven record of meritorious accomplishments to their credit thus enabling them to be intensely dedicated to the knowledge delivery.

I on behalf of SRCCEM Management, Faculty members, students and on my personal behalf warmly welcome you to intellectually stimulating world of SRCCEM because it is a destination to shape your professional dreams.

(Prof.) Dr. S. K. Gupta.
Director - Principal

ACADEMIC COURSES

M.TECH (2 Years Full Time)

- Computer Science and Engineering (24 Seats)
- Mechanical Engineering (24 Seats)
- Computer Science & Engineering (24 Seats)
- Electronics & Communication Engineering (24 Seats)

B.TECH (4 Years Full Time)

- Computer Science and Engineering (60 Seats)
- Information Technology (60 Seats)
- Electronics & Communication Engineering (60 Seats)
- Mechanical Engineering (120 Seats)
- Civil Engineering (60 Seats)
- Automobile Engineering (60 Seats)

DIPLOMA (3 Years Full Time)

- Civil Engineering (60 Seats)
- Mechanical Engineering (60 Seats)

MANAGEMENT MBA

(2 Years Full Time)
(60 Seats)

BBA

(3 Years Full Time)
(60 Seats)

Program	Duration	Eligibility
M.TECH	2 years	Bachelors degree or equivalent in the relevant field obtained at least 50% (45% in case of candidate belonging to reserved category) in the qualifying examination.
B.TECH	4 years	Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with any one of the Chemistry / Biotechnology / Biology / Computer Science. Obtained at least 45% marks (40% in case of candidate belonging to reserved category) in the above subjects taken together.
B.TECH	Lateral entry to second year	<ul style="list-style-type: none"> • Passed Diploma examination of 3 years or more from an approved institution with at least 45% marks (40% in case of candidates belonging to reserved category) in appropriate branch of engineering / technology. • Passed B.Sc. Degree from a recognized university as defined by UGC, with at least 45% marks (40% in case of candidates belonging to reserved category) and with mathematics as a subject.
Diploma Programs	3 years	Passed 10th std/SSC examination with at least 35% marks at the qualifying examination
Diploma Programs	Lateral entry to second year	Passed ITI at least with one year (who have passed 10th before admission to ITI), 10+2 (vocational) or 10+2 with PCM
MBA	2 years	Recognized Bachelor's degree of minimum 3 yrs duration with at least 50% marks (45% in case of candidate belonging to reserved category) in any discipline.
BBA	3 years	Pass in 10+2 examination from any recognized Board / University with at least 45% marks (pass in case of candidate belonging to reserved category) in any discipline.

LABORATORIES

The college has all following well equipped engineering labs. The college maintains these labs as per the university curriculum :

Mechanical / Automobile Engineering Labs

- ❖ Refrigeration & Air-Conditioning Lab
- ❖ Advanced CAD/CAM Lab
- ❖ Automobile Engineering Lab
- ❖ Heat Transfer Lab
- ❖ Dynamics of Mechanics Lab
- ❖ Fluid Machine Lab
- ❖ Internal Combustion Engines & Gas Turbines Lab
- ❖ Kinematics of Machine Lab
- ❖ Steam & Power Generation Lab
- ❖ Materials Science Lab
- ❖ Engineering Graphics & Drawing Lab
- ❖ Workshop Technology Lab
- ❖ Basics of Mechanical Engineering Lab
- ❖ Computational Lab
- ❖ Welding Lab
- ❖ Mechatronics Lab
- ❖ Automation Lab
- ❖ Engine Components Lab
- ❖ Chassis Components Lab
- ❖ Manufacturing Process Lab
- ❖ Thermal Engineering Lab
- ❖ Measurement & Instrumentation Lab
- ❖ Fluid Mechanics and Machinery Lab
- ❖ Strength of Materials Lab
- ❖ Paint Shop

Civil Engineering Labs

- ❖ DSS-Drg.Lab
- ❖ Soil Mechanics Lab
- ❖ Transportation Lab
- ❖ Auto Cad Lab
- ❖ Structural Analysis Lab
- ❖ Fluid Mechanics Lab
- ❖ Surveying Lab
- ❖ Building Drawings
- ❖ Basics of Engineering Lab
- ❖ Concrete Lab
- ❖ Engineering Drawing & Graphics Lab
- ❖ Workshop of Civil Technology Lab
- ❖ Civil Geology Lab
- ❖ Environmental Lab
- ❖ Irrigation Dressing Lab

Electronics & Communication Engineering Labs

- ❖ Basics of Electronics Lab
- ❖ Electrical Technology Lab
- ❖ Electrical workshop, PCB Design and Circuit Lab
- ❖ Network Theory Lab
- ❖ Electrical Workshop & Machine Lab
- ❖ Analog Electronics Lab
- ❖ Digital Electronics Lab
- ❖ Communication System Lab
- ❖ Numerical Methods of Computational Programming Lab
- ❖ Electronic Measurement & Instrumentation Lab
- ❖ Microprocessor Interfacing Lab
- ❖ Analog Electronic Circuit Lab
- ❖ Microcontroller & Embedded System Lab
- ❖ Digital System Design Lab
- ❖ Microwave and Radar Lab
- ❖ Control System Engineering Lab
- ❖ Wireless and Satellite comm. Lab
- ❖ Digital signal processing Lab
- ❖ Data communication Lab

Computer Science & Engineering / Information Technology Labs

- ❖ Computer Fundamental Lab
- ❖ Data Structure Lab
- ❖ Computer Hardware Lab
- ❖ Visual Programming Lab
- ❖ Intelligent System Lab
- ❖ Computer Network Lab
- ❖ Computer Graphics Lab
- ❖ Multimedia Technology Lab
- ❖ Web Development Lab
- ❖ Operating System Lab
- ❖ Database Management Lab
- ❖ Internet Lab
- ❖ Software Development Lab
- ❖ Object Oriented Programming Lab
- ❖ Advance Java Lab
- ❖ Software Computing Lab
- ❖ Compiler Designing Lab
- ❖ Language Lab

MBA

- ❖ Computer Applications in Management Lab
- ❖ Computer Networks & Internet Lab

INFRASTRUCTURE

HOSTEL

The college provides a home away from home in terms of its excellent hostel accommodation for its students. The hostel is located in the college campus and is centrally air conditioned. A proper care has been taken to equip the hostel with all necessary facilities like; common room, wi-fi connectivity, mess facility etc. The hostel is also supervised by the efficient wardens who take care of the welfare and needs of the students staying in the hostel. The hostel officials also ensure well balanced and healthy meals.

FOOD COURT

The college provides hygienic and nutritious food at its ultra modern food court. This is the place students really love to enjoy. The RO water is being provided to the students.

CLASS ROOM

Well illuminated and spacious class rooms with plenty of charts, models and equipped with latest state-of-the-art audio-visual aids comprising of over Head Projectors, automatic slide projectors with remote controls are available.

TRANSPORTATION

SRCEM provides transport facility to its students, faculty and staff through its very impressive fleet of buses connecting almost all major areas of the National Capital Region. This facility allows not only smooth functioning of the college but also helps to maintain punctuality. The bus service is from Delhi, Faridabad, Palwal, Hodel, Kosi, Hathin, Punhana and NCR.

LIBRARY

The College has a well-stocked library with a large number of books pertaining to the latest MD University syllabus. The library is fully computerized which enables the students and staff to avail any book in the library without any difficulty at any time. The library subscribes for 60 regular periodicals with more than 29,653 volumes of textbooks, reference books, encyclopedias, journals / e-journals and magazines.

PHOTO GALLERY

TRAINING & PLACEMENTS

ENTREPRENEURSHIP CELL

Entrepreneurship is increasingly being recognized as an important driver of economic growth, innovation and employment and is widely accepted as a key aspect of economic dynamism.

The college has a well established Entrepreneurship cell in collaboration with Hardi-con Ltd. which guides the students to become a successful businessmen if they do not want to go into jobs.

MICROSOFT DREAM SPARK YATRA

College organized a mega event "Microsoft Dream Spark Yatra" an educational initiative in collaboration with Microsoft. Where the students were acquainted with latest IT technologies. Aditya Bugalia of B.Tech - CSE 6th Semester was declared as Microsoft student partner. Around 1000 students from various engineering colleges participated in the event.

TRAINING & PLACEMENT CELL

The Training and Placement cell of SRCCEM works consistently to develop networking with the reputed companies for employing the students through campus placement. It fulfills dual purposes, students secure their future and the industries secure the best talents available in this institute. Training and Placement cell has emerged itself as the foundation stone for building the career of the students with the hope to turn their dreams into reality.

Our Placement Partners

EXTRA-CURRICULAR ACTIVITIES

SPORTS

The college campus has a sprawling playground to encourage the students to take part in indoor and outdoor games such as volleyball, football, cricket, badminton, carrom board, chess and table tennis. An efficient Sports coach is available to help / learn the beginners and encourage the students to participate in the annual sports meets where the winners and runners up are awarded.

CULTURAL ACTIVITIES

Students are encouraged to participate in cultural activities to develop balanced personalities, channelize their emotions and talents. These activities are organized by our own staff members and students. Our students have participated in various inter college festivals and cultural meets and have won awards and honors in this context.

PROGRESS REPORTS

A progress report showing the attendance / marks obtained by each student is maintained. The progress reports are communicated through email / posted to parents / guardians, wherever required, to inform them about the overall performance of their wards.

OUR ACHIEVEMENTS

ACADEMICS

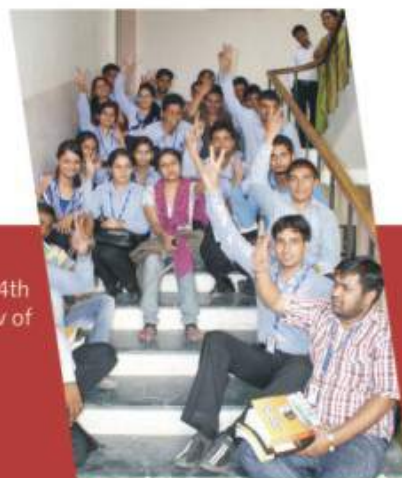

- ❖ Aishwarya Bakshi of ECE 6th sem, Sangram Singh of Automobile Engg. 3rd sem & 4th sem are University Toppers. Chirag Gupta of ME 7th sem, 8th sem and Sonia Yadav of MBA 1st sem & 2nd sem are university toppers.
- ❖ Sonia Yadav of MBA has also been selected as member of MD university court.
- ❖ More than 30 students have got ranks in top 15 positions of the university.
- ❖ All most 100% students of MBA have passed and got more than 60% marks.

SPORTS

- ❖ 382 students participated in Annual Sports Meet organized in March 2012
- ❖ Ashok Tewatia of MBA 1st sem. represented "Rajasthan Royal" IPL Team
- ❖ Jitender Dagar of Automobile Engg 1st sem. participated in T-20 15th All India Cricket Tournament
- ❖ Manju Singh of MBA 1st sem. represented the Haryana state at Base Ball Championship
- ❖ Kaushalaya Kaushik of MBA 1st sem. represented the Haryana state at Base Ball Championship

OTHER CO- CURRICULAR ACTIVITIES

- ❖ The college organized a National Conference on "Advances in Arc Welding" in collaboration with National Institute of Arc Welding in March 2009.
- ❖ The college organized a National Conference on "Trends & Advances in Mechanical Engineering" in March 2011.
- ❖ The college organized an International conference on "Universal Trends and Technovations in Computer Science" in March, 2012.
- ❖ The college participated in the engineering project presentation competition organized by Faridabad Industries Association on April 21st, 2012 where two projects prepared by our Computer Science and Mechanical Engineering students were awarded as best engineering projects.
- ❖ Students participated & won prizes at the competition organized by Indian Oil Corporation on the eve of its 50th Golden Year Celebration.
- ❖ The college provides the exposure of the industrial and various plants visits for the students at various companies i.e. All India Radio, Doordarshan, Escorts, VXL Tech. Ltd., VITA Milk plant, Co-operative Sugar Mills etc.
- ❖ The college is Microsoft students partner, an educational initiative launched for the enriched development for the students by the Microsoft.
- ❖ SRCEM student named AISHVARYA BAKSHI represented the district at State Level Science Essay Writing competition and was awarded by the Haryana Govt. in Feb. 2011
- ❖ K.Janish of ME 4th sem got selected at the District Level Science Essay writing competition to represent the district at the state level science essay writing competition in March 2012.
- ❖ All SRCEM B.TECH and MBA Students are assisted by Training & Placement Cell for education tours, industrial visits and summer training during their semester break.
- ❖ We have Personality Development Programme trainers who guide the students for preparation of resume, report writing skills, interview skills, social etiquette etc.
- ❖ Computer Science & Engineering Deptt. Organized a workshop on Cyber Forensics & Exploration in Oct. 2012
- ❖ EPYGNOSIZ-12 Tech fest was organized in college in March 2012
- ❖ College organized Cultural Fest & Farewell in May 2012
- ❖ 210 students & staff members donated blood in Blood Donation camp organized in college in March 2012

GENERAL RULES AND REGULATIONS

- ❖ All admissions are made provisionally and are subject to the approval by the concerned authority.
- ❖ Identity card with name, photo is issued to each student and is required to carry in the college campus.
- ❖ Tuition / examination and other fees should be paid on or before the prescribed date.
- ❖ Minimum 75% attendance is compulsory to be eligible to appear for university examination.
- ❖ Ragging in any form is totally banned by law and is a serious offence. Any student indulging in ragging of any kind will be severely dealt with as per the Supreme Court direction.
- ❖ Smoking, alcohol drinking is strictly prohibited in the college campus.
- ❖ Late arrival in the college more than 5 minutes is not allowed.
- ❖ The college management reserves its right to expel any student from the college on the grounds of acts of indiscipline, misconduct, serious irregularity of attendance, malpractice in exam etc. and in that case the decision of the higher authorities shall be final.
