

SolidTeam Engineering Pvt. Ltd.

Smart Solution with High Precision

MEMORANDUM OF UNDERSTANDING

This memorandum of Understanding is made on 15th May 2024 (Wednesday) between

SolidTeam Engineering Pvt. Ltd. with its registered office Siddhivinayak Complex, 701, A Wing, Plot No.21, Sector 10, Kamothe, Maharashtra 410206.

And

Shri Ram College of Engineering & Management, NH-2, Palwal, Haryana ("SRCEM")

WHEREAS

Skill Development is of utmost importance in today's technical education, focusing on equipping students with relevant technical knowledge and practical, hands-on workshop training, both identified as weaknesses in the current technical education curriculum.

And whereas both SolidTeam Engineering Pvt. Ltd. and SRCEM are agreeable to devote significant effort, time and resources to focus on a pioneering Skill Development Model that will in due course become a role model for other technical institutes to emulate, thus contributing substantially in addressing lack of relevant skills in India.

Now therefore, the Parties hereby agree as follows:

- 1. Objectives: To collaborate on and Skill Development Programme for technical education at the Degree/Diploma with special emphasis to the process industry, where substantial skill deficit currently exists in meeting its specialized needs.
- 2. The main results expected from the programme are:
 - Increasing technical knowledge and industry awareness among the candidates so selected, thereby enhancing their initial employment and their subsequent avenue of advancement.
 - Establish an industry-technical education collaborative model that will be a benchmark for others to follow to effectively address lack of Skill Development in India.
 - Industry Guest Lectures & Industrial Visits Provide them complete overview of the domain, opportunities
 - Workshop/Webinars Free and Paid (1-5 Days) IV. Develop their Interest in Technology.
 - Summer Internship (4-6 Weeks) Online, Offline and In College Camus Give them skills in chosen domain by handholding.
 - 6 Months Live Project Training (During Internship)

SolidTeam Engineering Pvt. Ltd.

Smart Solution with High Precision

VII. Job Oriented Training & Placement Program on Latest Technology for final year students.

3. Obligations of SolidTeam Engineering Pvt. Ltd. & SRCEM:

Set up a separate three member's steering committee for administering this programme. The steering committee shall comprise of one member from SolidTeam Engineering Pvt. Ltd., one member from SRCEM and chaired by the program director. The steering committee shall meet at regular intervals as deemed necessary, review the status of Training & Placement, Industrial Visit and Internship Programme.

 Should either party fail to meet its obligations, the other party may terminate the present Memorandum of Understanding upon one month's written notice to other party.

 Neither party shall use each other's name, emblem or any abbreviation of the name(s) for promoting the programme or any other purpose without the written consent of the other party.

 This Memorandum of Understanding does not confer to either party any exclusivity regarding activities such as those covered under this Memorandum of Understanding.

 The initial duration of the MOU shall be for a period of 5 years from the date of its commencement.

Concluded at SolidTeam Engineering Pvt. Ltd. Corporate Office, G-30 Fantesia Business Park, Sector 19A, Vashi, Navi Mumbai-400703 in two originals.

MEMORANDUM OF UNDERSTANDING

BETWEEN

NARENDRA POLYCHEM PRIVATE LIMITED

8

Shri Ram College of Engineering & Management Palwal, Haryana

For Narendra Polychem (P) Ltd.

Authorised Signatory

CIN No.: U63022DL2002PTC117566

PREAMBLE

M/s Narendra Polychem Pvt Ltd established in year 2002 on a very strategic location just half K.M. from NH-2 Delhi Mathura Road at Sikri, Ballabhgarh, Faridabad at 10 acres land. The company started as a trader of various petrochemical products.

With diversification as a process of our growth and to cater to rapid rising demand of new high-quality fabrics in the industry, we started with the manufacturing of PVC synthetic leather. Our synthetic leather plant is equipped with most advanced and state of the art technology imported from Taiwan with installed production capacity of up to 1 million mtr/month. With the maximum range of designs, finishes, textures and colour options we are in the first row of synthetic leather manufacturers in India through Calendaring process.

In 2020, we have expanded our reach into our core expertise of packaging industry and have now started production of high-quality CAST PVC Shrink Film, PVC Thermoforming film and Pharmaceutical Films. We are manufacturing the same using state of art technology with the best experts in the industry ensuring the best quality products for our customers. Our vast experience in the packaging line helps us to understand the needs of our customers and the technicality of our products enabling us to give them the promise of Quality, Cost, Development and Delivery.

AND

Shri Ram college of Engineering & Management established in 2008 vide AICTE Approval Letter No.06/04/HR-ENGG-/2008/88 dated 27.06.2008 with Permanent ID:1-7342871 (hereinafter referred to as SRCEM) which expression shall mean and include its successors-in-interest, permitted assigns, nominees, administrators, executors and affiliates being party of Second Part.

Whereas, SRCEM at its various engineering and management departments is charged with responsibility of training technical and management man power in various front-line areas of importance for the Nation and is also contributing to the rapidly growing scientific and technological knowledge and professional excellence in Management & Technology by under taking industrial & applied research and consultancy.

WHEREAS, both NPPL and SRCEM, now

- Recognizing the importance of research and development in the related training to industrial as imparting well as engineering/technology/management students, etc.
- Appreciating the need for creation of large reservoir of highly qualified manpower in all related fields.
- Desiring to club their efforts by pooling their expertise and resources.

INTEND to for manucleus for promoting excellent quality manpower in the fields of engineering, technology and management.

NOW, THEREFORE, inconsideration of the mutual promises made here in and of good and valuable consideration, the receipt and sufficiency of which both NPPL and SRCEM here by acknowledge, NPPL and SRCEM here by agree to sign a memorandum of understanding (MOU)

ARTICLE-I: SCOPE OF THE MOU

This MOU details the modalities and general conditions regarding collaboration between NPPL and SRCEM for enhancing, within the country, the availability of highly qualified manpower in the areas of engineering & management without any prejudice to prevailing rules and regulations in NPPL and SRCEM without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to NPPL and SRCEM. The areas of cooperation can be extended through mutual consent.

ARTICLE-II: SCOPE OF ACADEMIC INTERACTIONS

Both NPPL and SRCEM shall encourage interaction between the Employee, Research fellows, faculty members and students of both the organizations through the following arrangements:

- a) Exchange of personnel through deputation as per the rules of the respective institute, for limited periods as mutually agreed upon;
- b) Organization of joint conferences and seminars;
- c) Practical training/Summer Internship of SRCEM students at NPPL in such a number that deems convenient to it for the purpose of imparting industrial training;
- d) Joint guidance of student projects/thesis in the field of engineering and other areas of national interest at SRCEM by NPPL on mutually agreeable terms.
- e) NPPL may depute its personnel for the guest lectures on relevant topic;
- f) Placement of SRCEM student who have completed the final semester of their programme as per the rules of the organization.
- g) NPPL may seek assistance/guidance of SRCEM faculty member/s in product/process modification, modernization, trouble shooting, etc.
- h) NPPL would allow the industrial visits of students for half/full day to provide them with an exposure to various equipment, instrument, etc.
- i) NPPL may showcase its business activities at the seminar/workshop/conference, etc.
- j) NPPL may avail library, internet, and computational facilities at SRCEM at mutually agreeable terms.
- k) If the outcome of a work related to product development, process technology and design etc. which involves matter of secrecy and concern with security of the State and the Country, the same will not be allowed for publication/printing in any form such as Electronically/verbal, etc.

ARTICLE-III: SHARING OF FACILITIES

NPPL & SRCEM will share knowledge & information for new product/technology development.

ARTICLE-IV: CO-ORDINATION OF THE PROGRAMME INCLUDING FINANCIAL ARRANGEMENTS

The collaborative programme between NPPL and SRCEM shall be coordinated by a coordination committee appointed by competent authorities of both the organizations.

ARTICLE-V: DURATION OF MOU AND TERMINATION

- a) This MOU shall commence on the date of last signature.
- b) The initial duration of the MOU shall be for a period of 3 years from the date of its commencement.
- c) Each party reserves the right to terminate this MOU, without liability to other party, if suchother party repudiates or commits a material breach to any of terms of this MOU by a prior notice of not less than one month by either party. However, termination of the MOU will not in any manner affect the interests of the students/faculty/scientists/employee.
- d) Any clause or article of the MOU maybe modified or amended by mutual consent of NPPL and SRCEM.

confidential information shall mean any proprietary information, data or facts belonging to PARTIES collectively or severally, disclosed by the disclosing party under this agreement or any subsequent agreement, whether in writing, verbal or electronically, irrespective of the medium in which such information is stored, which is marked confidential or with any other words having similar meaning by the disclosing party, or specifically agreed to be kept confidential by the parties, or declared or identified so by the disclosing party before such disclosure or during the discussions. However confidential information shall not include any data or information which:

- (a) is or becomes publicly available through no fault of the receiving party,
- (b) is already in the rightful possession of the receiving party prior to its receipt of such data or information;
- (c) is independently developed by the receiving party without reference to the confidential information of the disclosing party
- (d) is rightfully obtained by the receiving party from a third party or is in the public domain
- (e) is disclosed with the written consent of the party whose information it is, or
- (f) is disclosed pursuant to court order or other legal compulsion, after providing prior notice to the disclosing party.

ARTICLE-VI: AMENDMENTS

Any amendment and/or addenda to the AGREEMENT shall be in writing and signed by the PARTIES here to and shall only after such execution be deemed to form part of the AGREEMENT and have the effect of modifying the AGREEMENT to the extent required by such amendment or addenda.

ARTICLE-VII: RESOLUTION OF DISPUTES

Any dispute will be solved by mutual discussion of NPPL & SRCEM.

PREAMBLE

Narendra Gravure Pvt. Ltd. is a renowned name associated with quality work and has marked its consistent presence in the world of Printing &

With a rich background spanning over 31 years in the field of design & manufacture of machinery for the flexible material printing industry. Narendra Gravure Pvt. Ltd. boasts of a wide spectrum of machines that are recognized industry wide for their reliability and quality.

Designed with sheer passion, the machines are backed by technical expertise making them a class apart and the leading workhorses of the industry.

As the leading manufacturers and exporters of Rotogravure Printing Machines, Narendra Gravure Pvt. Ltd. is totally committed towards design. development & manufacture of the machines, providing quality in every work.

We at Narendra Gravure Pvt. Ltd. guarantee the best quality with the assurance of 'total in-house manufacturing facilities.' All the components from Main Frame, Lead in Rollers, Gears to Sheet Metal Fabrication are manufactured on hi-tech and advanced CNG machines.

We truly believe that customer is the king and render great significance to achieving Total Customer Satisfaction through our revolutionary Print & Packaging solutions.

AND

Shri Ram college of Engineering & Management established in 2008 vide AICTE Approval Letter No.06/04/HR-ENGG-/2008/88 dated 27.06.2008 with Permanent ID:1-7342871 (hereinafter referred to as SRCEM) which expression shall mean and include its successors-in-interest, permitted assigns, nominees. administrators, executors and affiliates being party of Second Part.

Whereas, SRCEM at its various engineering and management departments is charged with responsibility of training technical and management man power in various front-line areas of importance for the Nation and is also contributing to the rapidly growing scientific and technological knowledge and professional excellence in Management & Technology by under taking industrial & applied research and consultancy.

WHEREAS, both NGPL and SRCEM, now

- Recognizing the importance of research and development in the related areas, as well as imparting industrial training engineering/technology/management students, etc.
- Appreciating the need for creation of large reservoir of highly qualified manpower in all related fields.
- Desiring to club their efforts by pooling their expertise and resources.

INTEND to for manucleus for promoting excellent quality manpower in the fields of engineering, technology and management.

NOW, THEREFORE, inconsideration of the mutual promises made here in and of good and valuable consideration, the receipt and sufficiency of which both NGPL and SRCEM here by acknowledge, NGPL and SRCEM here by agree to sign a memorandum of understanding (MOU)

ARTICLE-I: SCOPE OF THE MOU

This MOU details the modalities and general conditions regarding collaboration between NGPL and SRCEM for enhancing, within the country, the availability of highly qualified manpower in the areas of engineering & management without any prejudice to prevailing rules and regulations in NGPL and SRCEM without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to NGPL and SRCEM. The areas of cooperation can be extended through mutual consent.

ARTICLE-II: SCOPE OF ACADEMIC INTERACTIONS

Both NGPL and SRCEM shall encourage interaction between the Employee, Research fellows, faculty members and students of both the organizations through the following arrangements:

a) Exchange of personnel through deputation as per the rules of the respective institute, for limited periods as mutually agreed upon;

b) Organization of joint conferences and seminars;

c) Practical training/Summer Internship of SRCEM students at NGPL in such a number that deems convenient to it for the purpose of imparting industrial

training;

d) Joint guidance of student projects/thesis in the field of engineering and other areas of national interest at SRCEM by NGPL on mutually agreeable

e) NGPL may depute its personnel for the guest lectures on relevant

f) Placement of SRCEM student who have completed the final semester of their programme as per the rules of the organization.

g) NGPL may seek assistance/guidance of SRCEM faculty member/s in product/process modification, modernization, trouble shooting, etc.

h) NGPL would allow the industrial visits of students for half/full day to provide them with an exposure to various equipment, instrument, etc. showcase its business activities

NGPL i) seminar/workshop/conference, etc.

j) NGPL may avail library, internet, and computational facilities at SRCEM

at mutually agreeable terms.

may

k) If the outcome of a work related to product development, process technology and design etc. which involves matter of secrecy and concern with security of the State and the Country, the same will not be allowed for publication/printing in any form such as Electronically/verbal, etc.

the

ARTICLE-III: SHARING OF FACILITIES

NGPL & SRCEM will share knowledge & information for new product/technology development.

ARTICLE-IV: CO-ORDINATION OF THE PROGRAMME INCLUDING FINANCIAL ARRANGEMENTS

The collaborative programme between NGPL and SRCEM shall be coordinated by a coordination committee appointed by competent authorities of both the organizations.

ARTICLE-V: DURATION OF MOU AND TERMINATION

- a) This MOU shall commence on the date of last signature.
- b) The initial duration of the MOU shall be for a period of 3 years from the date of its commencement.
- c) Each party reserves the right to terminate this MOU, without liability to other party, if suchother party repudiates or commits a material breach to any of terms of this MOU by a prior notice of not less than one month by either party. However, termination of the MOU will not in any manner affect the interests of the students/faculty/scientists/employee.
- d) Any clause or article of the MOU maybe modified or amended by mutual consent of NGPL and SRCEM.

CONFIDENTIAL INFORMATION shall mean any proprietary information, data or facts belonging to PARTIES collectively or severally, disclosed by the disclosing party under this agreement or any subsequent agreement, whether in writing, verbal or electronically, irrespective of the medium in which such information is stored, which is marked confidential or with any other words having similar meaning by the disclosing party, or specifically agreed to be kept confidential by the parties, or declared or identified so by the disclosing party before such disclosure or during the discussions. However confidential information shall not include any data or information which:

- a) is or becomes publicly available through no fault of the receiving party.
- b) is already in the rightful possession of the receiving party prior to its receipt of such data or information;
- (c) is independently developed by the receiving party without reference to the confidential information of the disclosing party
- (d) is rightfully obtained by the receiving party from a third party or is in the public domain
- le) is disclosed with the written consent of the party whose information it is, or
- th is disclosed pursuant to court order or other legal compulsion, after providing prior notice to the disclosing party

ARTICLE-VI: AMENDMENTS

Any amendment and/or addenda to the AGREEMENT shall be in writing and signed by the PARTIES to signed by the PARTIES here to and shall only after such execution be deemed to form part of the AGREEMENT and have the effect of modifying AGREEMENT to the extent required by such amendment or addenda.

ARTICLE-VII: RESOLUTION OF DISPUTES

Any dispute will be solved by mutual discussion of NGPL & SRCEM.

ARTICLE VIII: ASSIGNMENT OF AGREEMENT

(a) The rights, duties and privileges of the parties under this Agreement shall not be assigned by any party without prior consent of the other party, except as

(b) No right or interest in this Agreement shall be assigned by the either party without the written permission of the other party any purported assignment is

void.

Memorandum of understanding

This memorandum of understanding is made on 15th March 2023 (Wednesday) between SolidTeam Engineering Pvt. Ltd. with its registered office Siddhivinayak complex, 701, A Wing Plot No. 21, Sector 10, Kamothe, Maharashtra 410206

And

Shri Ram College of Engineering and Management NH-2, Palwal, Haryana ("SRCEM") WHEREAS

Skill Development is of utmost importance in today's technical education, focusing on equipping students with relevant technical knowledge and practical hands- on workshop training, both identified as weaknesses in the current technical education curriculum.

And whereas both SolidTeam Engineering Pvt. Ltd. and SRCEM are agreeable to devote significant effort, time and resources to focus on a pioneering Skill Development Model that will in due course become a role model for other technical institutes to emulate, thus contributing substantially in addressing lack of relevant skills in India.

Now therefore, the parties hereby agree as follows:

- 1. Objectives: To collaborate on and Skill Development Programme for technical education at the Degree/ Diploma with special emphasis to the process industry, where substantial skill deficit currently exists in meeting its specialized needs
- 2. The main results expected from the programme are:
- I. Increasing technical knowledge and industries awareness among the candidates so selected, thereby enhancing their initial employment and their subsequent avenue of advancement.
- II. Establish an industry- technical education collaborative model that will be a benchmark for others to follow to effectively address lack of Skill Development in India.
- III. Industry guest Lectures and Industrial Visits Provide them complete overview of the domain opportunities
- IV. Workshop/ Webinars Free and Paid (1-5 Days) Develop their interest in Technology.
- V. Summer Internship (4-6Weeks) online, offline and In College Campus Give them skills in chosen domain by hand holding.
